 Co-ord: **45.81990N, -110.93320W**  
 Slope Angle: **27°**  
 Wind Loading: **yes**

Stability: **Poor**  
Air Temperature: **-8°C**  
Sky Cover: **BKN**  
Precipitation: **NO**  
Wind: **W Light Breeze**

HS110  
Stability Test Notes

Layer No  
45-55: Pro

**Specifics:** Pit is adjacent to avalanche; flank; Recent activity on similar slopes; Recent activity on different slopes

Notes: We were unable to get to the crown, so dug on an adjacent slope about 500' to the south.

Advisory Region  
Bridger Range  
Bridger Range, 2017-12-30
