Big Sky Resort
Northern Madison
4/10/2023
Code
WL-N-O
Aspect Range
SE - S - SW
Latitude
45.27600
Longitude
-111.43600
Notes

From email referencing closed terrain within Big Sky Resort: "Numerous full depth wet loose naturals ran during the day on steep solar aspects in closed terrain including the Upper and Lower A-Z's, Dirtbag Wall, Castro's Shoulder and both Pinnacles. In addition, we pushed on numerous lower mountain road cuts that would generally run full depth onto the roads below."
