

Natural Avalanche North of Cooke City

Henderson Mountain

Cooke City

12/4/2023

Code

SS-N-R2-D1.5

Latitude

45.05240

Longitude

-109.94500

Notes

From GNFAAC: We rode up Daisy Pass road... saw a couple 8-10" deep natural avalanches on the steep slopes above Miller Creek that probably ran in the last 24-48hours. We had multiple collapses on the NE facing slope where we ski toured to dig our second pit.
