Bridger Range
3/8/2024
Code
SS-N-R1-D1-I
Aspect
E
Latitude
45.88220
Longitude
-110.95200
Notes

Downhill winds were drifting a good bit of snow at lower elevations. We mostly found stripped slopes and wind effect, but did find a few deeper drifts. There was a small and thin avalanche low on the east face that looks to have pulled out with this downhill [wind loading](#). Approximately 25 ft x 25 ft vertical and ~6" deep.

Number of slides
